Winland recommends using your email as your login/username. Your Primary email is where the temporary password will be sent, which can be changed later. Once your account is set up you will be able to add logins for other company employees, and your devices for their account.

NOTE: Please follow the Customer Initial Setup Guide for a complete walk-through on the system when adding a device and other users to your account.

Service fees for this account will be invoiced the calendar quarter following activation of a device and sensor(s) unless service fees are waived based on a contract.

Winland offers training and webinars
